**GARSINGTON OPERA'S ORFEO ON OPERAVISION.EU**

*"Sometimes everything comes right in the theatre. You know it when it happens, and Garsington Opera's Orfeo is such a moment" \*\*\*\*\* The Guardian (Martin Kettle)*

Garsington Opera's production of Monteverdi's Orfeo was a standout hit of the summer season, ecstatically reviewed by critics and audiences alike. We are delighted to announce that a filmed version of the production will be available on Operavision.eu from 21 October. The performance will be free to watch worldwide with no registration required, and will remain online for 6 months. More details here: <https://operavision.eu/performance/orfeo-0>
